## Betamax

We transfer BETA (Betamax) video tapes to DVD, Tape, raw AVI or MPEG2. We can also help [restore](#) your old, damaged or improperly shot videos from incorrect exposures, age, color loss, and more. Let us add ambience to your video with titles, transitions and music.

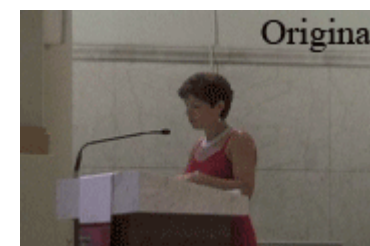

Beta video went head to head against VHS in the consumer market and even though VHS won, Beta variants succeeded in capturing the professional market. More information on Beta can be found [here](#).

## Beta Transfer to DVD or Tape

If you don't know which package applies to your video, let us do a free evaluation. (most tapes transfer with the bronze package)

Up to 2 hours. BETA PAL is currently not available.
